WILL THIS THING SELL OR SIT IN THE BIN?

It will sell, and here's why:

- LP is limited to 600 copies, die-cut/foil-printed jacket and it's fully analog recording
- Last release - 2019s "Bible Songs 1" - cherished and loved by the same weirdos who dug our previous record, including **Decibel**, **Stereogum**, **Brooklyn Vegan**, **Invisible Organges**, **MetalSucks**, and other experts of this type of hostile music.
- Our **homegrown marketing operation** still seems to work its magic, including videos, email list, social media outreach, and the other ways our long-time audience loves to have us bother them.

CREDITS - Recorded by the Austerity Program at Kerguelen Studio (Astoria, NYC) in early Spring, 2024.
Mastered by John Golden in Ventura, CA.
